ASSEMBLY:

1. Cut out the disks.
2. Carefully cut out the white rectangle on the smaller circle.
3. Secure the smaller disk to the base disk so that the faces of each disk are facing in the same direction and the printing on the base disk shows around the edges of the smaller disk AND so that the smaller disk can be rotated. You may do this with a tack on one side sticking through to a small eraser on the other side OR you might use a brass brad.

HOW TO USE:

1. Go to the XDM website and look under the page tab 'Secret Message Board' (xtremedungeonmastery.com)
2. Retrieve the current 'Key Code' by getting the page, paragraph, line, word and letter sequence, opening your XDM: X-treme Dungeon Mastery book and finding the key letter for that cypher's key code.
3. Using the Decoder Disk, turn the small wheel until the 'Key Code' letter shows in the rectangular window.
4. Decypher the code symbols to their matching letters.
5. Use only for good.

IMPORTANT NOTE:

This disk is series # Tango Charlie Hilo 0909 New, updated decoder disks will be issues from time to time as security demands. Be sure you are using the correct Decoder Disk for the message given.
